

You're invited to participate in our

2nd ANNUAL FOOD DRIVE

UNWLA Philadelphia Regional Council is partnering with the Laurel House for a community food drive to commemorate the victims of the Holodomor.

Holodomor, meaning "death by hunger", refers to the 1932-1933 genocide committed by the Soviet Union on the Ukrainian people, which resulted in the death of 7 to 10 million innocent civilians. Today, we honor the victims by working with our community to fight local hunger. The Laurel House is a shelter which provides housing and support to victims of domestic violence. Your donations will directly feed the women and children who currently take residence.

Donating is easy! Simply fill the attached bag with whichever items you wish to donate and leave the bag on your porch on the pick up date listed below. Suggested items are listed on the back.

With love and much gratitude,

Your neighbor at _____
